

## PROTECTION!

Hands at Denver Object to Seizure of Their Trains.

For Vance's Successor will be Named this Week.

Effect of the Rioters by Deputy Sheriff.

ON THE GREAT NORTHERN.

April 18.—The Union Pacific freight trains to-day called upon the sheriff to protect them against the hands of the common law. Fifteen of the army slept in the Union house last night and to-day they were out of the city. The army shows a determination to leave and the roads will

Fire at a Mining Camp.

April 18.—In Jerome mining camp, a fire destroyed a saloon, Union Club saloon and house, Merrill and McGuire's saloon and two Chinese residences. Loss \$30,000; insurance, \$18,000.

Successor to Vance.

April 18.—Regarding the successor to the late Senator Vance, rumor said to-day that the appointment would probably be made on Monday and the man selected will be in sympathy with the Wilson bill, free of silver and the income tax. Vance's body was lying in state, a convict in the penitentiary, superintendent for permission to remain of the man who, he declared, saved his life and had been a friend. He received permission from the late senator without hesitation.

Kelly's Army.

April 18.—Kelly's army is still at Camp Grove and will probably move to a better camp a mile away this morning. The army is without food, and the citizens are getting up a dinner. There is no train to carry the army. The Iowa authorities are making the path of the army so as to deter others from following.

Injunction Papers.

April 18.—The Great Northern officials are engaged to-day in preparing papers to be presented to the circuit court of North Dakota for injunction restraining the company from interfering with the operation of the road. If granted the company will have all along the line and the American railway union.

Miners Arrested.

April 18.—Deputy Capt. Wheeler and Morrell, this morning. The deputies drove into an enclosure near the company and the employees began to riot. Warrants are issued for the arrest of these men. The arrest of these men will end the strike.

Militia Withdrawn.

April 18.—Upon the urgent request of the Council Bluffs, the militia has been ordered to withdraw from the city. The action is taken to prevent an uprising of the people, who have captured a train for the

Road Tied Up.

April 18.—No Great Northern trains are moving on any roads through here to-day. The roads are quiet. The Northern Pacific refused to accept freight from the city.

Spanish Pilgrims.

April 18.—Representatives of the Spanish pilgrims were received by the Bishop by the Holy Father. Originally intended to give to the entire delegation, but as the number of the pilgrims was so large, the Bishop decided to give to the four pilgrims who were to salute the venerable pontiff and to him of his garment.

Whisky Train.

April 18.—The annual stockholders of the whisky distilling company, is in progress. Among the subjects to be considered is the taxation process and the

## STRIKE REVOKED!

The Great Northern Strike Temporarily Recalled.

Boston Celebrates Battle of Bunker Hill.

South Carolina Dispensary Law Declared Unconstitutional.

Kelly's Army Marching.

St. Paul, April 19.—The strike of the Great Northern railroad employees called for at one o'clock this morning has been recalled for the present. The men were ordered out in Minneapolis at midnight. President Deba, of the Union, waited on President Deba at 2:30 o'clock this morning, and the latter then issued an order stating that he had just learned of the termination of a strike and desired that no action be taken till a mass meeting could be held at 8 o'clock to-night, when the whole matter would be duly considered.

"The Shot That Was Heard"  
Lexington, Mass., April 19.—This historic town is in gala attire to-day. It is the anniversary of the battle of Lexington and under the new law the anniversary this year and forever afterwards will be observed as a public holiday. The booming of cannon and the ringing of church bells aroused the citizens at an early hour, and after a hearty breakfast hundreds of them followed a drum corps over the route taken by the British 119 years ago. An enthusiastic reception was accorded Governor Greenhalge, ex-Governor George B. Robinson and a large party of other distinguished men that arrived shortly after ten o'clock. Headed by a band and under escort of over a thousand citizens the party was taken to the Hancock Congregational Church, where the formal exercises were at once inaugurated with prayer and the singing of the Star Spangled Banner. Hon. A. S. Parsons welcomed the visitors in behalf of the Lexington History Society and delivered an address upon the famous battle. Other speeches were made by the Governor, ex-Governor Robinson, the Mayor and several dignitaries, and after a reception they were entertained at a banquet.

The Army Must Walk.  
Omaha, April 19.—Kelly's army moved from Chataqua this morning and will proceed five miles farther on foot to a new camp. It is believed confidently that the army will capture a train there, though the railroad officials declare they will tear up the rails rather than carry the men unless they pay regular fare.

Strike May be Settled.  
Minneapolis, April 19.—The prospect is that the Great Northern strike will be settled soon. President Deba, of the American Railway Union, stated this morning that with Vice President Howard he would call to-day on President Hill of the Great Northern and try to come to an understanding.

State Malicious Must Go.  
Columbia, S. C., April 19.—The dispensary law, the cause of the recent grave troubles, has been declared unconstitutional, two of the supreme court justices concurring in, and one dissenting from, the opinion.

Status of the Strike.  
Fargo, N. D., April 19.—The injunction on the Great Northern strikers was served yesterday afternoon without effect. The effort to get a special during the night proved a failure; strikers put the train back repeatedly and finally killed the engine by drawing off the water. The road says it will run trains to-day, and the strikers say it cannot. Everything is quiet now.

The Daughters' Celebration.  
New York, April 19.—The general society of the Daughters of the American Revolution celebrated the anniversary of the battle of Lexington this afternoon by a luncheon at the Hotel Waldorf. Two hundred prominent society women were present.

Story Denied.  
Washington, April 19.—In regard to the story published this morning that Batelli would prefer charges against Archbishop Corrigan, at Rome, of conspiring against him, The Paper Publishing Co. denied it.

Speaking Against Tariff Bill.  
Washington, April 19.—The conference report on a further urgent deficiency bill was agreed to to-day by the senate. The tariff bill was taken up and Perkins of California, spoke in opposition.

Recruits to the Army.  
Chicago, April 19.—Kelly's army will be increased by about a thousand between this time and the departure from Chicago. The headquarters are besieged this morning by hundreds of recruits.

Blockade Broken.  
Fargo, April 19.—The blockade on the Great Northern is broken here. A train passed through without opposition. Another train is expected this afternoon. The strikers will not talk.

Some of the Revolution.  
Annapolis, Md., April 19.—One hundred delegates representing eighteen states and the District of Columbia assembled in the Senate Chamber by adjournment from Baltimore to-day, and formally opened the annual convention of the National Society of Sons of the Revolution. It was in this chamber that George Washington resigned his commission as general of the army, and delivered his farewell address. This is the first time that the society has met outside of New York. The business of the convention was purely routine, and after a general reception this afternoon the gathering will wind up with a grand banquet.

San Miguel Murders.  
A Review of the State of Affairs Up at Las Vegas.

THE OFFICE'S JOURNAL.  
Editorial Opinion.  
It looks as if the clean up that was made in Mora county was to be repeated in San Miguel, and there is trouble ahead for many here, and it is said to be almost a race among some of them as to which shall turn state's evidence first. It has long been known here, sub rosa, that there was a strong gang of cut-throats and horse thieves with headquarters in this county and branches over nearly all the territory, engaged in running horses and cattle from Colorado and New Mexico to Arizona and Old Mexico. They have been so strong it was almost impossible to get any evidence against them, but now the break has come there are dozens ready to give evidence against the gang in order to save themselves, and as in addition to the original business of horse stealing, etc., they have had to commit murders and other crimes. Vicente Silva, who was probably the boss cut-throat, is likely to be apprehended soon. In addition to his nephew, he very likely murdered his wife. He moved from town to town a placid twelve miles north, which he left at night, and when his rooms were opened it was found that all the furniture was broken as though a struggle had taken place. It is believed that it was there he murdered his wife, as she has never been seen or heard of since the day before he left there.

It is believed that it was there he murdered his wife, as she has never been seen or heard of since the day before he left there.

Getting Desperate.  
Omaha, April 20.—Kelly's army is under shelter this morning, although suffering severely from yesterday's exposure. Twenty men are ill. The railroad people threaten if the army take a train, they will send a wild engine down to meet it for the purpose of wrecking it.

All Must Share Expense.  
Chicago, April 20.—If General Kelly's army is to be transported free from Omaha to Chicago every road running east of Council Bluffs will have to contribute, each to stand its share of the risk and expense. This is the ultimatum given out from the general offices of the Rock Island this morning.

Strike Averted.  
Chicago, April 20.—Through the kindness of Chief P. M. Arthur, of the Brotherhood of Locomotive Firemen, the general strike which was threatened on the Chicago and Eastern Illinois Railroad has been averted, and the inauguration of the new wage schedule to-day was not marked by a demonstration of any kind.

Strikers Stopping Work.  
Cleveland, Ohio, April 20.—Hundreds of striking workmen were visiting this morning and compelling them to stop work. The men are armed with clubs and the situation looks ugly. Patrol wagons have been called to the scenes where the riot is feared.

An Object Lesson.  
Omaha, April 20.—A procession of over a thousand men formed here this morning and started to Council Bluffs to demand of the railroads that they allow a train to be chartered to carry Kelly's army east. It is understood that 2,000 men in Council Bluffs will join in the demand.

Warrants for Strikers.  
Minneapolis, April 20.—United States Marshal A. Adams went to St. Cloud this morning, accompanied by thirty deputies to serve warrants of arrest on the strikers who interfered with the running of trains yesterday. The chief culprit arrested is the president of the Railway Union there.

Colorado Arbor Day.  
Denver, Colo., April 20.—School children throughout this state are to-day engaged in planting trees and shrubs in accordance with Governor Waite's proclamation designating to-day as Arbor Day.

Senate Proceedings.  
Washington, April 20.—Gordon, of Georgia offered a resolution in the senate instructing the committee on finance to report the repeal of the laws authorizing the ten per cent. tax on state bank issues. Referred to finance committee. The Peffer resolution relating to the Coxey army was taken up and strongly denounced. The tariff bill was then taken up and Gallinger spoke in opposition.

Mechanics Quit Work.  
Omaha, April 20.—Seven thousand mechanics quit work here for the day and this morning marched to Council Bluffs for the purpose of inducing the railroads to let the Kelly army take a train east. The army is suffering greatly. An answer is expected at 4 o'clock, and it is hoped it will be favorable. The Commonwealth army will leave to-night for Chicago.

Railroad Weakens.  
Chicago, April 20.—According to Omaha dispatches General Manager St. John has recommended that a train be furnished to bring the Kelly army to Chicago. President Cable is in conference with different railroad officials this morning, and said he did not believe it part of a railroad's business to dump an army of men east of the Missouri river. The laws of Illinois make it a grave offense to bring paupers into the state and the Rock Island has no surplus to waste thus. If all the roads combine to refuse action may be taken.

## BIG STRIKE!

A Quarter Million Coal Miners Will Quit Work.

Mob at Omaha Making Demands on the Railroads.

Strikers at Cleveland Stopping Work of Public Improvements.

THE WHOLE WORLD AWRY.

Columbus, Ohio, April 20.—The most extensive strike in the history of coal mining begins at noon to-morrow. It will be a mammoth fight to maintain rather than raise wages. Nearly 225,000 men will quit work, and the strike will affect all the bituminous coal fields in the country. The miners of Butler and Mercer counties, Pennsylvania, and the Virginia workers are in the movement. It is quite highly probable the Alabama miners will also strike. The strike does not affect Ohio greatly as the miners here are already idle and in great distress. The resolution to go out was adopted enthusiastically by almost all the miners of Illinois, Pennsylvania, Missouri, Kansas and Tennessee.

Discussing the Weather.  
Washington, April 20.—The annual convention of the American Meteorological society was opened at the Columbian University to-day. Papers will be read by prominent scientists from all parts of the country, and special attention will be paid to the work accomplished by the United States weather bureau during the past year.

Getting Desperate.  
Omaha, April 20.—Kelly's army is under shelter this morning, although suffering severely from yesterday's exposure. Twenty men are ill. The railroad people threaten if the army take a train, they will send a wild engine down to meet it for the purpose of wrecking it.

road's business to dump an army of men east of the Missouri river. The laws of Illinois make it a grave offense to bring paupers into the state and the Rock Island has no surplus to waste thus. If all the roads combine to refuse action may be taken.

No Change to the Strike.  
Minneapolis, April 20.—There is no change in the Great Northern strike to-day. President Deba was seen in St. Paul and he said the committee representing the men would arrive on Monday, when it was expected the trouble would be satisfactorily settled.

Electric Wire Accident.  
Philadelphia, April 20.—The Philadelphia Bell telephone line men were repairing a wire at Canal street this morning when it became entangled with live electric wire and two men were killed and two seriously injured.

Hotel Burned.  
Cripple Creek, April 20.—The American house was destroyed by fire this morning. Loss about \$4,000.

Railroad Wreck.  
Vassar, Mich., April 20.—A wreck occurred on the Bay City division of the Michigan Central at four o'clock this morning, and two men were killed and another fatally injured.

Cowboy Race.  
Chadron, Neb., April 20.—The great cowboy race which was to have started from this place next week has been postponed until June, when the roads will be in better condition and the elements in a more favorable mood. It is now proposed to make these races an annual feature, in spite of the opposition of the humane societies which endeavored to put a stop to the great race from this city to the World's Fair last year. Nearly a hundred riders have already announced their intention of riding in the race next June.

Vienna Exposition.  
Vienna, April 20.—A national exposition for the display of all kinds of articles in the department of economical food, army and navy supplies, protection of life and transport, together with a special display in connection with sport, was opened with elaborate ceremonies to-day. The exhibition is situated in the Rotunda, the principal structure of the great international exposition which was held some years since, and is under the auspices of the Archduke Francis Ferdinand, heir apparent to the throne of Austria-Hungary. The details of the enterprise were arranged by the Vienna Society for propagating Agricultural Science. The exposition will continue until the middle of June, and possibly longer. Every country is invited to send a representative in the department of food products. The American section is especially complete, and it is thought that the favorable showing made will have the effect of opening the European market more fully to American goods.

Against the Wilson Bill.  
Washington, April 20.—The opponents of the Wilson tariff bill have taken a leaf from General Coxe's book. Representatives of labor organizations identified with manufacturing industries throughout the east who fear that the passage of the proposed measure would deprive them of a means of earning a livelihood are gathering in this city to-day for the purpose of making a demonstration against tariff reduction. The movement originated before Christmas and is participated in by the Workmen's Protective Tariff Association, of Germantown, Pa., the Workmen's Protective Tariff League and similar organizations of Philadelphia, Baltimore, New York, Boston and Pittsburgh. Among the promoters of the demonstration are Wharton Barker, of Philadelphia, T. V. Powderly, ex-master workman of the Knights of Labor, and A. W. Wright, Canadian member of the Executive Board of the Knights of Labor.

Ancient Factory.  
Philadelphia, April 20.—One of the most unique evidences of returning commercial prosperity is the re-opening of the famous Lanark Mills, which have stood idle for over fourteen years. These mills were established nearly half a century ago, and will be re-opened in the old buildings on Main street in this city by three grandsons of the founder, William Baird. About one hundred hands will be employed in the manufacture of ribbed woollen underwear. The old buildings, which have fallen somewhat into decay, are now being renovated, and will be ready for operation about the 1st of May.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by T. H. Burgess & Son, druggists.

Will Try Hell Canon.  
F. E. McKinley, inventor of the McKinley dry concentrator, failed to leave yesterday morning for Hell canon, but was noticed en route to the canon this morning. He goes for the purpose of securing placer claims upon which the machine will be put to actual work. The canon being close to Albuquerque, makes it a desirable location for the company. J. H. Drury accompanied the inventor to Hell canon.

WHY SUFFER WITH Sick and Nervous HEADACHE?

You may be easily and quickly cured by taking

AYER'S PILLS

"I have been a victim of terrible headaches, and have never found anything to relieve them so quickly as Ayer's Pills. Since I began taking this medicine, the attacks have become less and less frequent, until, at present, months have passed since I have had one."—C. F. NEWMAN, Doug Spurr, Va.

"Having used Ayer's Pills with great success for dyspepsia, from which I suffered for years, I resolved never to be without them in my household. They are indeed effective."—Mrs. SALLIE MONTGOMERY, 125 Willow St., Philadelphia, Pa.

"I always use Ayer's Pills, and think them excellent."—Mrs. G. E. WATKINS, Jackson, Fla.

Ayer's Pills

Received Highest Awards AT THE WORLD'S FAIR

RUINING THE DISTRICT.

What Lowthian Says About the Cochiti Land Grant.

PARALYZING MINING.

Then, Lowthian, the owner of the Lone Star mine, in the Cochiti Mining district, who has been in the city the past two days looking into the Canada de Cochiti grant matter which effects that district, went out to Santa Fe this morning. Just before the train departed for the north, he was met by a man who said, "We are completely paralyzed, the district is in the hands of a lot of land sharks, and if the grant is confirmed we might as well pack up our blankets, load our shovels, picks, powder and provisions on to wagons and leave the district. I came to Albuquerque two days ago to look into the grant papers held by a certain Albuquerque attorney and upon thorough investigation I found that said attorney owns about a thousandth-part of the grant, obtained as a fee, from one of the several hundred heirs to the grant. This lawyer is making a mighty kick since mineral has been found on the grant and, I take his words, we are all sound and sane. When Conductor Murray shouted 'All aboard,' Mr. Lowthian mounted the platform and yelled to the reporter, 'I propose to fight the land grant confirmation and if I don't win, the land sharks will think that I and a few earnest friends, who will stick by the miners, are pretty fierce fighters.' Mr. Lowthian was so much taken back over the attitude of the land grant people that he forgot to tell THE CITIZEN any new developments in the working of the Lone Star, except to say that his mine is one of the wonders of the district and that there is plenty of paying ore in sight to make him comfortable in this world's goods the balance of his life.

Chas. Woods and Jester Greenwood, who are interested in several claims with Mr. Lowthian and who were also in the city investigating the land grant status, accompanied Mr. Lowthian to Santa Fe this morning. Messrs. Woods and Greenwood are experienced miners, and they emphatically stated that the Crown Point, Lone Star, Washington and several other mines in Pino canon are great properties.

Will Try Hell Canon.  
F. E. McKinley, inventor of the McKinley dry concentrator, failed to leave yesterday morning for Hell canon, but was noticed en route to the canon this morning. He goes for the purpose of securing placer claims upon which the machine will be put to actual work. The canon being close to Albuquerque, makes it a desirable location for the company. J. H. Drury accompanied the inventor to Hell canon.
